

Mini ROK Engine Seal

Mini and Micro ROK

An engine seal, with a recorded serial number, has been issued to you and can be found in the "Racer's Package" you received at the registration desk.

1. Please install your engine seal on your kart (as pictured) *before* going to Pre-Tech. Mini ROK engine seals are installed through the **Head Nut** and **Exhaust Nut**.
2. Record this serial number on your Pre-Tech sheet *before* going to Pre-Tech.
3. You must visit Pre-Tech *before qualifying*.
4. If for any reason your engine seal is broken, you must notify Tech officials immediately. If your engine seal needs to be broken for any reason, you must request pre-approval from Tech officials. Failure to comply will result in disqualification from the race.
