Note: this year they don't have Shifter Expert (master)

Most common Q&A:

Date: The race is scheduled for October 9th to the 13th, Monday 9th is the day for material pick up and is open for practice. There is a club race the weekend before called Trofeo de Autunno (only race no practice) is not included in the prize or packages, but if you are interested in racing that weekend for an extra fee you can pick up your material on Friday October 5th.

Qualified drivers prize only includes material use from Monday to Sunday – if you are interested in getting your material on Friday, you can choose package 3 and pay the difference.

If you are going with any big OTK team and you are getting your material from us, tell them to talk to the factory and they may be able to pick it up for you.

Registration: I will send you registration form by email, as soon as you get it you have to fill out and I will take care of it. In order to register you I need that form. **The due date is August 31st.**

Classes: go to the website, and check classes, ages, weights and all that. Shifter masters, you race and get scored with the regular shifters, or you can go in the TAG class as Expert or Expert plus

Numbers: are assigned, don't know until the entry list is posted. Link on the website

Material: 1 brand new engine and 1 brand new OTK chassis is included if you want the chassis you can choose the color/brand that you want: Tony Kart, Kosmic, Exprit, FA (you need to know the seat size you need. In case you don't want a chassis because you are going with another team or brand you can also pick up the engine only.

Teams/other brands: If you are going with other teams or brands we will also need to know (registration form)

Plane tickets: There is a list of Airports by closeness Verona is 30mins away, Venice 1 hour 30 mins, Milan 2 hours.

My recommendations for travel are: if you are only going to the ROK race plan to arrive Sunday to be at the track Monday and leave Sunday because finals are Saturday. If you want to go to the race the weekend before, arrive at least Wednesday night to be at the track on Thursday to pick up your material.

Hotels: the area/ town is called Desenzano del Garda
