Engine Claim Rule

Any engines taking part in a ROK Cup Promoted event, can be purchased by any competitor taking part in the event. The competitor must be registered for the event and in the same class, and only at the end of the event. ROK Cup Promotions, or its affiliated promoters have the first rights of refusal on any claim and can claim any engine at anytime. The fee is retail price of the engine plus \$500 (Five Hundred) claim fee. The claimed party will receive the claim fee and a new engine from ROK CUP or the affiliated promoter. The claimant will receive the complete engine package as they would with a new purchase. Refusal to sell will result in disqualification from the event, loss of all championship points, and the competitor will NOT be allowed to compete in any ROK CUP event for 12 (twelve) consecutive months.

All Claim fees MUST be paid in full in the form of US dollars, cash ONLY, form and cash must be returned to ROK CUP Promotions admin or the affiliated promoter.

Tech officials are required to return the engine back to its factory settings (carburetor settings, ignition settings), before delivering to the new owner. Claim will be kept anonymous.
