Driver's Briefing

Driver's briefings are mandatory, and all drivers must attend. Either they appear on the schedule or are called during the event on the Public Announcement system. Presence may be controlled physically or electronically. For this reason, drivers must have their credentials with them at the briefing.

Paddock

Competitors must receive authorization from the event staff before parking. The paddock is restricted for race support vehicles only; aisle may not be blocked at any time; to allow emergency vehicle to access. County Fire has a very strict policy (stated requirements below), the fire department will send an inspector to make sure every pit is compliant; they have the authority to shut down the event for one pit area not compiling, so please help your neighbors.

“Pit area will have a minimum of one 5-lb type ABC rated fire extinguisher for every 400 square feet of pit area; fire extinguishers must be always visible and accessible; competitors with trailers over 20-ft long shall have a minimum of one 20-lb type ABC fire extinguisher for the trailer in addition to one 5-lb unit for each 400 square feet of pit area. Non-compliance could result in fines or driver penalties.”

Each pit area must have the floor area completely covered (tarpred), all fluids must be completely contained. Anyone found dispensing, spilling or cleaning on unprotected ground will be find \$1000 (one thousand dollars). This fine must be paid before next on track session for anyone on the team.

It is your job as team mangers to make sure your area is up to the standards stated, we do not have the time to police your area, teams found not following these guidelines will be penalized by not allowing any driver under that team tent to enter grid, until the team complies.

Staking is allowed; however Orlando Kart Center will charge \$20 for each stake hole and will repair themselves. This charge is mandatory.

- All RV's will be required to park in the RV lot; these lots are dry camping only.
- All vehicles will be required to park in designated parking area
- Any motorized vehicle (car, truck, golf cart, etc) must be operated by someone who has a **valid US or International driver's license**. Any violation of this will result in vehicle confiscation for the event week and possible fines.

Registration

Pre-Registration for the event closes Wednesday, March 15, 2023, and can be found here: www.rokcupusa.com or the Kart Pass App for Apple and Android. All registration is done via the Kart Pass app.

Event Fuel and Oil

Fuel

The mandatory fuel is Sunoco Supreme 112 included in the registration. Distribution of event fuel will take place at the fuel compound; times can be found on the event schedule. Anyone needing to purchase practice fuel can buy “fuel vouchers” from registration. All fuel must be mixed and stored in the fuel compound area, please make sure you mark your cans clearly.

Oil

The mandatory oil is ENI Kart 2T, which is supplied with the registration.

Mandatory Stickers

Event stickers and location are required, this information can be found in your packet or at registration. These are a tech item and penalties may be enforced if not compliant.

Event Tires

The event tires are the following for each class.

Slick tires

Classes	Tires brand	Sizes
ROK Micro/Mini	LeVanto KRT	6 Front 4.5/10.0-5

All Rain Tires MUST be barcoded.

Parc Fermé

There is no Parc Fermé for this event.

Sealed Grid

Sealed grid will be enforced for qualifying and racing sessions.

Quiet Grid

You MUST run your engines in your designated pit areas ONLY!!! All other areas are restricted from running engines including but not limited to Pre-Grid, Tech, scales, aisle ways. Anyone not following this rule is subject to a fine of \$200 per offence.

Hot Pit

There is no Hot Pit during this event.

Length of Races

See the official schedule of the event.

Grouping If Necessary

After the end of the Registration period, some classes may be grouped together depending on the number of entries.
