Skip Barber Racing School

Since 1976, the Skip Barber Race Series has taken great drivers and made them champions. Rossi. Newgarden. Andretti. Pigot. Hunter-Reay. We've trained more IndyCar drivers than any other program, and we're proud to welcome the next generation of winners to the 2024 Skip Barber Race Series.

Continuing in 2024, the champion of the Skip Barber Formula Race Series will be offered a scholarship valued at \$100,000 to advance to USF Juniors as part of the USF Pro Championship ladder the following season.

Expert race coaching from Skip Barber Instructors, new Skip Barber Formula Race Cars, true arrive-and-drive format, and the amenities of a professional race weekend. The only thing you need to do is earn the checkered flag.

The highly structured and competitive environment of the Skip Barber Race Series is the perfect platform for both the budding racer to hone his skills and the race enthusiast to fulfill their dream. Equalized race cars and a focus on driver development allow a driver's true talent to determine the race outcome!

The Skip Barber Formula Race Series provides competitors with a holistic training environment that covers the key elements to ensure a successful career in motorsports.

There is no racing experience that rivals the Skip Barber Racing School.

Skip Barber Formula Race Series

The Skip Barber Formula Race Series provides competitors with a holistic training environment that covers the key elements to ensure a successful career in motorsports.

Race Coaching

Skip Barber Racing School Instructors bring 150+ years of racing experience and unique perspectives and training, with the Skip Barber Formula Race Series, all competitors have equal access to:

- *One-on-one engagement with Skip Barber Race Coaches ensures personalized skills progression regardless of previous experience*
- *Video and Data analysis*
- *Formula Race Series formats are designed around driver development priorities for all competitors*

Industry Professional Training

Becoming a successful racer does not end on the podium. How a driver navigates their race team, sponsors, and marketing opportunities is equally important as their skill behind the wheel. With the Skip Barber Formula Race Series, we expose drivers to pro-racing through various pro-paddocks, with training that includes:

- *Sponsorship strategies, planning, and materials preparation*
- *Marketing strategies*
- *Race operations and team dynamics*

Unrivaled Track Access

Access to season-long training and lapping opportunities through the Skip Barber Racing School

- *Race weekends within a professional paddock, at a variety of North America's most iconic race tracks*
- *Additional testing and training at Lapping Days and 2-Day Advanced Racing Schools are available*

Mygale Formula 4 Car

Positioned as the first step on the ladder to Formula 1, the Mygale FIA F4 race car features cutting edge technology straight from F1. This is the same car that F1 driver Lando Norris won the 2015 British F4 Championship in.

Crafted completely from carbon fiber, the FIA homologated monocoque is paired with a 160HP turbocharged 4-cylinder engine. Power is transmitted to the rear tires through a paddle shifted SADEV sequential 6-speed, propelling this 1,200 lbs rocket to 60 mph in under 4 seconds.

Whether you are looking for the ultimate open wheel driving experience or preparing to dominate formula car championships across the globe, the Skip Barber Formula Car is the culmination of Skip Barber's 40+ years of building champions.

- *1.6L Turbocharged 4-cylinder - 160HP*
- *SADEV 6-Speed Sequential Transmission with steering wheel mounted paddles and pneumatic shifter*
- *Carbon Fiber FIA Homologated Monocoque with anti-intrusion side panels*
- *Goodyear Eagle Racing Tires*
- *Life Racing Data Logger*
- *AIM Camera System*
